GROWTH PROPERTIES

SUPPLEMENTAL INFORMATION
Period ended December 31, 2015

Background

Seritage Growth Properties (NYSE: SRG) (the “Company”) is a fully-integrated, self-administered and self-managed retail REIT with interests in 235 wholly-owned properties and 31 joint venture properties totaling over 42 million square feet across 49 states and Puerto Rico. Pursuant to a master lease (the “Master Lease”), 223 of the Company’s wholly-owned properties are leased to Sears Holdings Corporation (“Sears Holdings”) and are operated under either the Sears or Kmart brand. The Master Lease provides the Company with the right to recapture certain space from Sears Holdings at each property for retenanting or redevelopment purposes. At several properties, third-party tenants under direct leases occupy a portion of leasable space alongside Sears and Kmart, and 12 properties are leased entirely to third parties. The Company also owns 50% interests in 31 properties through joint venture investments with General Growth Properties, Inc. (NYSE: GGP), Simon Property Group Inc. (NYSE: SPG), and The Macerich Company (NYSE: MAC). A substantial majority of the space at the Company’s joint venture properties is also leased to Sears Holdings under master lease agreements (the “JV Master Leases”) that provide for similar recapture rights as the Master Lease governing the Company’s wholly-owned properties.

On June 11, 2015, Sears Holdings effected a rights offering (the “Rights Offering”) to Sears Holdings stockholders to purchase common shares of Seritage in order to fund, in part, the \$2.7 billion acquisition of 234 of Sears Holdings’ owned properties and one of its ground leased properties (the “Wholly Owned Properties”), as well as its 50% interests in three joint ventures that collectively own 28 properties, ground lease one property and lease two properties (collectively, the “JV Properties”) (collectively, the “Transaction”). The Rights Offering ended on July 2, 2015, and the Company’s Class A common shares were listed on the New York Stock Exchange on July 6, 2015.

On July 7, 2015, the Company completed the Transaction with Sears Holdings and commenced operations. The Company’s only operations prior to the completion of the Rights Offering and Transaction were those incidental to the completion of such activities.

(1) Company classification. Mall properties are attached to regional malls; Shopping Center properties include properties attached, within or adjacent to neighborhood shopping or power centers, as well as freestanding properties.

(2) Properties with 50% recapture rights are subject to the Company's right to recapture approximately 50% of the space within a store (subject to certain exceptions). In addition, the Company has the right to recapture any automotive care centers which are free-standing or attached as "appendages" to the stores and all outparcels or outlots, as well as certain portions of parking areas and common areas.

(3) In addition to the 50% recapture rights described above, properties with 100% recapture rights are subject to the Company's right to recapture the entire space within a store for a specified fee.

(4) Based on signed leases as of December 31, 2015.

(5) The Company exercised its recapture rights for this property during the quarter ended December 31, 2015.

(6) Property is subject to a ground lease.

(7) The Company submitted a recapture notice for this property subsequent to December 31, 2015.

Non-GAAP Measures

The Company makes reference to net operating income (“NOI”), earnings before interest, taxes, depreciation and amortization (“EBITDA”) and funds from operations (“FFO”), as well as Total NOI, Adjusted EBITDA and Normalized FFO.

NOI is defined as income from property operations less property operating expenses. Other REITs may use different methodologies for calculating NOI, and accordingly, the Company's depiction of NOI may not be comparable to other REITs. The Company believes NOI provides useful information regarding its financial condition and results of operations because it reflects only those income and expense items that are incurred at the property level. The Company uses Total NOI, which includes its share of unconsolidated properties and excludes certain GAAP adjustments, to present the Company's proportional share of NOI on a cash basis.

EBITDA is defined as NOI less administrative expenses and other operational items. EBITDA is a commonly used measure of performance in many industries, but may not be comparable to measures calculated by other companies. The Company believes EBITDA provides useful information to investors regarding its results of operations because it removes the impact of its capital structure (primarily interest expense) and asset base (primarily depreciation and amortization). The Company also considers Adjusted EBITDA to be a helpful supplemental measure of its operating performance because it excludes from EBITDA certain other non-cash and non-comparable items that the Company does not believe are representative of ongoing operating results.

FFO is defined using the definition set forth by the National Association of Real Estate Investment Trusts (“NAREIT”), which may not be comparable to measures calculated by other companies who do not use the NAREIT definition of FFO. FFO is calculated as net income computed in accordance with GAAP, excluding gains (or losses) from property sales, real estate related depreciation and amortization, and impairment charges on depreciable real estate assets. The Company considers FFO a helpful supplemental measure of the operating performance for equity REITs and a complement to GAAP measures because it is a recognized measure of performance by the real estate industry. The Company makes certain adjustments to FFO, which it refers to as Normalized FFO, to account for certain non-cash and non-comparable items that it does not believe are representative of ongoing operating results.

NOI, Total NOI, FFO, Normalized FFO, EBITDA and Adjusted EBITDA are presented to assist readers in analyzing the Company's operating performance. None of these measures (i) represent cash flow from operations as defined by GAAP; (ii) are indicative of cash available to fund all cash flow needs, including the ability to make distributions; (iii) are alternatives to cash flow as a measure of liquidity; or (iv) should be considered alternatives to net income (which is determined in accordance with GAAP) for purposes of evaluating the Company's operating performance. Reconciliations of these measures to the respective GAAP measures we deem most comparable have been included in the Supplemental.

Forward-Looking Statements

This document contains forward-looking statements, which are based on the current beliefs and expectations of management and are subject to significant risks, assumptions and uncertainties that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by these forward-looking statements. Factors that could cause or contribute to such differences include, but are not limited to: competition in the real estate and retail industries; our substantial dependence on Sears Holdings Corporation; Sears Holdings Corporation's termination and other rights under its master lease with us; risks relating to our recapture and acquisition of properties and redevelopment activities; contingencies to the commencement of rent under leases; the terms of our indebtedness; restrictions with which we are required to comply in order to maintain REIT status and other legal requirements to which we are subject; and our lack of operating history. For additional discussion of these and other applicable risks, assumptions and uncertainties, see the "Risk Factors" and forward-looking statement disclosure contained in filings with the Securities and Exchange Commission. While we believe that our forecasts and assumptions are reasonable, we caution that actual results may differ materially. We intend the forward-looking statements to speak only as of the time made and do not undertake to update or revise them as more information becomes available, except as required by law.
